Registration is online only.
Open/Lap swim: https://copleyathletics.org, Select "tickets"

- Simmons Natatorium is a community pool open to residents in the Copley-Fairlawn area. The programs are scheduled to meet the needs of swimmers of all ages. We look forward to seeing you at the pool!
- **Directions:** The HS is located at 3807 Ridgewood Rd. Copley, Oh 44321
  The pool is attached to the main building with an entrance on the West side of the building. These doors lead to the main gym and the parking lot leads to the stadium at the other end.
  Park near the building and enter the glass doors. You will see the Natatorium door open just as you step inside on the left. Take those stairs up to get checked in for the lesson. You can also enter the locker rooms from that hallway by walking past the first door and you'll see the Men or Women signs and the doors open to those locker rooms.
  Often, our side door is open for ventilation. Please do not use this door to enter our facility. For safety, we limit "street shoes" on the pool deck.
- The pool is closed when not in session and for all home high school, middle school, and USA swim meets.
- We are equipped with an ADA chair lift. Equipment such as pool noodles, diving toys and water basketball are available upon request during open swim.
- The pool has a maximum capacity and the staff reserves the right to limit entry.
