B. Topics

1. **Permanent Improvement Projects**
In 2019 there was discussion about constructing a new stadium as well as completing other facility improvements. Discussions had to be put on hold because of COVID-19. The board of education requested that the topic be re-visited. Projects being considered are renovating the high school stadium, renovating restrooms at all school buildings, renovating locker rooms, making athletic complexes handicap accessible, auditorium renovations, repairing and replacing fencing, sanitary sewer connections at the high school and middle school and many others. The architect will be contacted and asked to begin doing drawings and cost estimates.

The permanent improvement projects being considered would require a bond issue to be passed. Various scenarios were reviewed.
2. **Agenda for Tuesday, November 16 Board of Education Meeting**
A review and discussion of the Tuesday, November 16, 2021 regular meeting agenda occurred.
3. **Sponsorships**
Akron Children's Hospital representatives called district administration about sponsorships for the school district. They saw in previous minutes that Crystal Clinic was proposing donations/sponsorships and they would like the opportunity to do the same.
