

HS Spanish 8 Blizzard Bag Day 2: Introduction

Find a picture of a Spanish-speaking person, or of any person. You may draw, copy, xerox or cut out the picture.

Write 10 sentences about the person in the picture, in Spanish. The information does not have to be true.

Suggestions to include:

Name, age, where this person lives, what language he/she speaks, any family members this person has, what this person likes to do, what this person does not like to do, personality descriptions of this person (nice, new, young, happy, etc.), physical descriptions (hair color, eye color, tall, short) what this person wants to do, where this person goes on the weekend, or activities they do on the weekend.

Make sure that each sentence has a conjugated verb (yo leo, él descansa), but remember you do not need to conjugate a verb after an already conjugated verb. For example, <<Me gusta leer.>> or <<Quiero descansar.>>

This must be hand-written. No TYPING accepted. Do NOT use a translator or you will receive no credit.
