Caterpillars come in all shapes and sizes. Some are furry and some are not, but all caterpillars share some common characteristics. All caterpillars are divided into twelve segments, or parts. Caterpillars also have three sets of legs. Some caterpillars change into butterflies, while other caterpillars change into moths. Usually the caterpillars that turn into moths are hairy. Some of the types of caterpillars that turn into moths and butterflies also have spines and bumps. Moth caterpillars spin cocoons. Butterfly caterpillars harden and change into a chrysalis.

Sally Ride was the first American woman in space. She was also the youngest astronaut to travel to space. When she traveled to space she was only thirty-one years old. Sally Ride started training for her mission in 1978 at NASA in Houston, Texas. She went through rigorous astronaut training and then served as the “capcorn” for the space shuttle flight *Columbia*. As the “capcorn,” Sally was the only person to talk to the astronauts while they were in space. She helped the astronauts monitor the different cockpit lights and kept the astronauts up-to-date on how the flight was going. When one of the astronauts aboard *Columbia* was describing to Sally Ride what Earth looked like from space, she responded, “Sounds great. When do I get my chance?” Sally Ride’s own chance to view Earth from above came several years later when she traveled aboard *The Challenger* in April 1983.

Honoring Others

There are many holidays that are celebrated quietly. The country does not stop work to celebrate and there are no parades. These days are set aside to remember special groups of people. Secretaries are remembered on the last Wednesday in April. Mother's Day is the first Sunday in May. Father's Day is the third Sunday in June. Friendship Day is in August. A day to honor Grandparents is the second Sunday in September. On the third Saturday of October we honor those we love and call it Sweetest Day. These holidays are called civil holidays, days that the country remembers but does not make a big fuss over. On civil holidays we send cards, call people, and do nice things for those we are honoring.

1. **The main idea of this story is:**
 - a. Mother's Day is in May.
 - b. Everyone works on civil holidays.
 - c. Civil holidays are days that we honor other people.
2. **When do we celebrate Father's Day?**

3. **List three civil holidays we celebrate.**

4. **On what day do we celebrate Grandparents Day?**

5. **What month do we celebrate our friendships?**

6. **What are some of the ways we celebrate civil holidays?**

Social St. Day 3
