COPLEY-FAIRLAWN CITY SCHOOLS

Mental and Behavioral Health Resources

District Counseling Services

Vision

To maximize every student's potential by encouraging mindsets and behaviors that enhance the learning process and create a culture of college and career-ready students well-prepared to meet the challenges and high expectations in a diverse and changing world. Through partnerships with parents, families and the community, we can focus on the needs and issues related to student growth. We are a part of a total educational program that creates a culture of caring and inclusivity that is proactive, preventative and responsive to individual student needs.

Mental and Behavioral Health Community Resources

If you or someone you know is in need of counseling or other support, please contact one of these agencies.

988 is a new three-digit number for mental health, substance use and suicide crises available to Ohioans who are experiencing a mental health or addiction crisis, and their family members.

When you call or text 988, you will be connected to the National Suicide Prevention Lifeline network, made up of around 200 crisis call centers and national backup centers. That means anyone, anywhere in the country can contact 988 during a mental health crisis and be connected with a trained crisis counselor who can listen, provide support, deescalate the situation and connect you to additional resources that might help. The Lifeline can respond to any type of mental health crisis or emotional distress. It is free, confidential and open to a person in crisis or someone calling on behalf of another.

If you or someone you know is struggling or in crisis, help is available. Call or text 988!
