Reporting Absences

When absent from school, a student is to have his/her parents or guardian phone the school 330-664-4822 before 9:00 a.m. on the day of absence so that the reason for the absence will be known. The attendance office routinely calls parents/guardians to verify absence. Parents should not be offended by the call. The call is only to ensure the location and safety of the student. Without parent contact, a student will be presumed unexcused and dealt with accordingly. NOTE: Doctor and dentist appointments should be made after school hours when possible. Regardless of the reason, if a student misses more than 2½ hours of the school day, the student will be charged a minimum of ½ day absence.

END OF COURSE EXAMS

End of Course (EOC) retakes will be administered in December of 2017. Information regarding your student’s EOC scores will be sent home in October. If you are interested in retaking an exam, please contact your Guidance Counselor.

PSAT PLANNING FOR SOPHOMORES AND JUNIORS

The Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) will be offered to tenth and eleventh grade students on Wednesday, October 11th at CHS. Cost for the test will be $16. Registration begins on September 18th and ends on Friday, October 6th. Students who plan to take the SAT should take the 2017 PSAT/NMSQT this October. The PSAT/NMSQT tests verbal and mathematical reasoning and writing skills, making it an excellent preparation for the SAT. The PSAT/NMSQT will provide students with personalized feedback on college success skills that will be tested on the SAT. Exceptional test takers may qualify for National Merit Scholarship Semi-Finalist status. Test information is available on-line at www.collegeboard.com.

PARENTS OF SENIOR STUDENTS

Seniors attended a guidance assembly on September 13. Each student received a folder full of important information and he or she signed up for a senior conference at which each student will review his/her total credits, chose the legal name for the student’s diploma, and have the opportunity to ask questions about the presentation on the 13th. Please review the materials in this folder with your student. Call your child’s counselor with any questions about the senior year process. We will be glad to help you.
GUIDANCE NOTES

Please read Guidance Notes, which appears monthly on-line at www.copley-fairlawn.org in the Smoke Signals and in the Guidance section under the Our School tab of the high school page. It is distributed through the student’s mod 3-4 class during the first week of every month. It presents an abundance of information for seniors and their parents as they experience the senior year. Families will find useful information regarding the college application process, special programs, college open houses, college visitors, the NCAA Clearinghouse for athletes, scholarship information, and other news the Guidance Department feels may be helpful as a senior makes the transition from high school to college.

COLLEGE VISIT DAYS are valuable to students as they learn which campuses are a good fit for them. We encourage students and parents to visit colleges and universities for first-hand information and interaction. Teacher in-service days, spring break, or an occasional pre-planned absence are excellent opportunities for college visits. Summer visits have value, too. However, during the summer, there are generally fewer students on campus and it is harder to understand how the campus operates during the regular school year. An official visit booked through the college’s admissions office is more beneficial than a drive-through or walk-through visit. Seniors will make the best college application decisions if they visit a number of schools.

PARENTS OF JUNIOR STUDENTS

You will want to know about some very important dates, programs, and opportunities available this year. Since most of these are one-time events, it is essential to mark your calendar early. Here is information about these significant events:

ACT, SAT, and possibly SAT II

These tests should be taken for the first time during the second semester of the junior year. Some students elect to take these tests earlier during their high school experience. Registration may be done at any time prior to the deadlines established for each test.

The ACT will be given to ALL juniors in the Spring of 2018. This administration will be funded by the state and administered during the school day at Copley High School! More information will be released at a later date.

Practice materials may be located in the Guidance Office and in the CHS Media Center. Additionally, both college testing organizations have web sites for on-line registration, more information about their testing programs, and a listing of test dates for the school year. The web site for the ACT is www.act.org and for the SAT, www.collegeboard.com. See your guidance counselor if you need assistance signing up for these tests.

Use the CHS testing code, 361-685, to ensure your child’s scores will be sent to Copley High School. When Copley High School is a test center for the ACT in June and September, the test center code (ACT: 173800) will appear under the state of Ohio and the city of Copley. If the CHS test center code is not present, that is an indication that CHS is not a test site on that particular date or that CHS has reached its capacity for that date. To guarantee your son or daughter is registered to take the ACT at CHS, we recommend that students apply at least three or more months in advance of the June test date.

Depending on admission or scholarship deadlines, the ACT and SAT testing should be complete by October or December of a senior’s school year.

For additional information about the ACT and SAT, go to the high school website, look under Our School, and then look at the Guidance Department link.
SCHOLARSHIPS AND FINANCIAL AID

Most scholarship monies are awarded by particular institutions that look for specific academic or financial aid requirements. While there are general scholarship programs open to everyone regardless of the institution they plan to attend, these generally hold less promise than those associated with a particular institution. When applying to any college or technical school, students should always fill out the separate scholarship/financial aid application which some institutions provide as part of the application. All need-based financial aid is granted only after parents complete a form called the FAFSA (Free Application for Federal Student Aid).

Students are encouraged to file the FAFSA online at www.fafsa.ed.gov between October 1st and December 1st. Establish your FSA ID at https://fsaid.ed.gov/ now so you can submit your FAFSA.

OPPORTUNITIES IN THE MILITARY

Entering the military after high school is another avenue, and there are a number of options for military service. It can be a great way to start a career and learn discipline, but don’t expect it to be like in the movies. In addition to a full-time stint, there are ROTC scholarships in over 2300 colleges, which will cover your tuition (and then some) in exchange for 10 hours weekly of classroom and field training, and 4 years of active duty. Military recruiters from the Army, Air Force, Navy, Marines, and National Guard are in the Commons during lunch mods on a regular basis.

SENIOR CONFERENCES

This important conference is the first graduation requirement of the year. If you have not yet accomplished this task, schedule an appointment with your counselor TODAY!

APPRENTICESHIPS

Apprenticeships are standard in over 400 occupations. In an apprenticeship, the employee learns a skilled trade through a combination of theoretical class work and on-the-job training for a prescribed period of time (between 1 and 6 years). The programs vary in length, rate of pay, and intensity between various trades, but upon completion, each employee becomes a journeyman, or skilled craftsman. Fields offering apprenticeships include: automotive mechanics, heating and air conditioning repair and installation, plumbing, electrical, carpentry, firefighting, and jewelry design.

**COMMON MYTHS ABOUT COLLEGE**

**Myth #1 ~ It's better to get good grades than take challenging courses in high school.** Even modest success in advanced or accelerated courses indicates to a college that you seek and can handle challenging courses, like those you will find in college. Taking challenging courses will help you get into a selective college.

**Myth #2 ~ You should go to a prestigious college.** You should go to the college that “fits” you best. If it happens to be prestigious, that’s fine. However, fit has to do with how you feel when you are on campus, the match with how you learn and how the professors teach, and the academic pressure you can handle. If the college and you are not a good match, you will be unhappy regardless of the prestige.

**Myth #3 ~ I need to decide on a career before I can choose a college.** College is a time to explore. Except in a few specific cases, you can choose a major in your sophomore year and still complete the degree in four years. A surprising number of students discover their career while taking a course they didn’t expect to enjoy. Don’t let well-meaning friends pressure you into deciding on a major field or a career at this time. Take your time.

Because of the volume of Internet information available to families about scholarships, we will list scholarships on the Guidance website under College Planning (“Scholarships”) when agencies mail us a hard copy about a specific opportunity.

HELPFUL HINTS WHEN EMAILING COLLEGES

DO:
1. Choose an appropriate email screen name for your college correspondence. You may want to rethink names like partytildawn@hotmail.com or hatetostudy@yahoo.com.
2. Give your full name and contact information on each email note.
3. Be as polite and respectful in emails as you would in a face-to-face meeting or a telephone conversation. Your notes are a reflection of you and may be added to your admission file.
4. Use proper punctuation and avoid using acronyms as much as possible.
5. Use the “Reply with History” function to help admissions personnel remember the questions you asked in previous emails.
6. Check the school’s website before you send your emails questions. You may be able to find the answers on your own.

DON’T DO:
1. Use subjects titles like “Important Information” or “Please Read!” that are commonly used in junk mail or viruses and are screened out of many systems.
2. Use attachments unless instructed. People are wary of attachments since they may carry viruses.
3. Send blanket email to a lot of institutions at once. Do some research and ask specific questions indicating genuine interest in particular colleges.

FALL PLANNING GUIDE FOR HIGH SCHOOL SENIORS

Forum Planned for Copley-Fairlawn Board of Education Candidates

The League of Women Voters of the Akron Area and Copley-Fairlawn PTA Council are hosting a forum for Copley-Fairlawn Board of Education candidates at 7 p.m. Tuesday, Oct. 24, in the main auditorium at Copley High School, 3807 Ridgewood Road.

The League of Women Voters will moderate the meeting. The format for the evening allows each candidate a two-minute opening statement. Candidates’ answers will be timed and each candidate will have up to 90 seconds to respond to questions. Each candidate will be given one minute for a closing statement. The forum should last about 1½ to 2 hours.

Three seats on the five-member board are open in the November election. The candidates are James L. Borchik, Steve Coon, Sue Emich (incumbent), Catherine Konopka, Richard V. Levin (incumbent), Paula Lynn and Jessica H. Vargo (incumbent).

Discover your inner Artist and participate in REFLECTIONS!

- 6 categories to choose from: Visual Arts, Film, Literature, Dance, Photography & Music Composition
- State Level Winners: state & school recognition, & CHS PTSA cash prizes $25-$75
- National Winners: $200-$800 scholarship prizes, national recognition
- Build your college applications & interview talking points

REFLECTIONS is a National PTA program in which students compete in any of six arts categories. Special Artist is an additional category for students with disabilities. The students submit their piece(s) along with the entry form that asks for an artist’s statement connecting their art to the theme. The pieces are judged heavily on how the artist statement & art piece REFLECT the year’s theme.

Whether you are looking at joining National Honor Society or applying for college, REFLECTIONS recognition is a nice addition to your applications. Any colleges across several majors like to see creativity and it is a bonus if it directly relates to your major.

This year’s theme is “Within Reach.” Informational packets by category are available in the Main Office or at Ohiopta.org. You MUST follow the 2017-2018 rules and complete an entry form. Entries must be submitted to the Main office during the last week of October 2017 (October 23-27).

Reflections Theme Search contest entry forms are also available in the office.
